Operational Excellence

This is Opermin

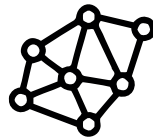

**200 000
advanced
meters**

**More than
5 000 000
tons produced**

**27 years
of experience**

**Projects in
3 countries
2 continents**

**100%
Success rate
on projects**

**Experience
with lead,
silver, zinc,
copper, gold**

**Productivity:
350-400
m/jumbo**

**Experience
to 5 000
msnm**

**Projects to
1600 meters
deep**

MISSION

To obtain the maximum level of **productivity** in our operations and the **satisfaction of our customers**, through a committed and competitive organization, oriented to a **culture of service and safety**, which generates the best financial and management indicators.

VALUES

- QUALITY
- SAFETY
- EXCELLENCE
- SUSTAINABILITY
- INNOVATION

Permanent training in prevention for a safe operation based on the Management systems ISO 9001, ISO 14001, ISO 45001, ISO 37001 and ISO 50001, with the aim of taking care of our staff and assets.

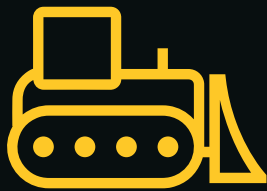

The continuous training makes the mining worker adopts a conduct responsible for their safety and of others.

Productivity is Safety

Good practices are the road to excellence

LESS MACHINES

Lower energy consumption,
Lower water and air consumption,
Lower traffic of vehicles,
Lower heat generation,
Lower pollution.

LESS PEOPLE

By making each machine
efficient, less human
support is required.

LESS EXPOSURE

By having a high productivity
level we will manage to reduce
the exposure to risks and
accident probabilities

OPERMIN, through its CORPORATE SOCIAL RESPONSIBILITY department, is committed to sustainability, development and coexistence with our STAKEHOLDERS to optimize the relationship.

We are one of the main sponsors of the ONG Endesha Zambia, specialized in:

Water treatment

Education

Empowerment
local artisan

SOCIAL RESPONSABILITY

Our Human Resource is the essence of our organization, thanks to your commitment and energy we have achieved excellent results.

It is part of our policy to carry out knowledge transfer as well as the local staff of the Countries where we are, training several key positions operations, and thus encourage the recruitment and development professional of them.

HUMAN RESOURCES

As a team we turn challenges into achievements

EARTHMOVING IN MINING AND CONSTRUCTION

We have the team, the equipment and the heavy machinery to complete the project on time, with high safety standards.

Equipment rental

Execution of earthmoving projects,
from conception to closure.

Loading, hauling and maintenance
of roads and auxiliary services.

Mine construction (tailings dams, leach
pads, site preparation and platforms)

Preparation and exploitation of quarries.

OUR EQUIPMENT

Mining trucks
Wheel loaders
Excavators
Bulldozers
Motor graders
Auxiliary equipment

DIAMOND DRILLING

Guaranteed service with better quality,
safety and efficacy standards.

Diamond drilling

Drilling and geotechnical tests

Drilling for hydrogeological tests

Installation of piezometers

Borehole measurement

OUR EQUIPMENT

Drilling Equipment (Tracked and Portable)

Measurement tools

Pumping stations

Integrated Sludge Tanks

Auxiliary equipment

We have a modern fleet of equipment with a drilling capacity of up to 1,500 meters.
